

REMARKS

Claim 21 is the only claim pending in the application, claims 1-20 having been cancelled by the present amendment. Claim 1 is being submitted to claim disclosed embodiments in more detail. No new matter is submitted.

The most recent Office Action includes rejections citing Pecoraro (5,866,829), a Furman Sound publication (Furman), Stratton (6,538,185), and Gillaspay (5,506,371). Pending claim 21 is believed to be patentable over these reference since none of the references, either alone or in combination teach or suggest, *inter alia*, “wherein each individual non-audio foot controller module is of a common module size and format, and wherein each module is configured to be fastened with at least one fastener to a mounting frame.”

In view of the above, Applicant submits that the currently pending claims are in condition for allowance. Early issuance of a Notice of Allowance is respectfully requested.

The Commissioner is hereby authorized to charge any additional fees which may be required in this application to deposit account No. 06-1135.
